

Certificate of Achievement

This acknowledges that

Jay Fulce

has successfully completed *APhA's The Pharmacist & Patient-Centered Diabetes Care* certificate training program focusing on the knowledge and skills needed to provide effective, evidence-based diabetes care. The training associated with this APhA Certificate of Achievement is current for 3 years from this date of issue. It is the responsibility of the practitioner to engage in continuing professional development and education to meet the existing standards of practice set forth by the practitioner's state board of pharmacy and/or the policies and procedures of the organization that employs the practitioner.

Date of Issue: 10/20/2018
